MSC VOYAGERS CLUB: EARNING POINTS

How do I earn points with the MSC Voyagers Club?

You earn points according to 3 criteria:

- Experience Purchased (Bella, Fantastica, Aurea) or the MSC Yacht Club
- On board Services pre-paid before the cruise
- On board Expenses

What does "Experience" refer to?

MSC offers you the possibility to book different types of Experiences: Bella, Fantastica, Aurea.

Since winter 2013-14, MSC Cruises fare categories offer not only a different choice of accommodation but also a different set of on board Experiences to enrich your cruise.

How do I earn points according to the "Experience" purchased?

You will earn points according to the following rules:

EXPERIENCE	Cruises under 6 days - 5 nights	Cruises from 6 to 10 days - 5 to 9 nights	Cruises of more than 10 days - 9 nights
Bella	200	500	700
Fantastica	400	700	1000
Aurea	600	1000	1500
MSC Yacht Club	800	1500	2000

MSC Voyagers Club members (Classic, Silver, Gold and Diamond) who purchase the entire MSC World Cruise will earn triple the points based on the type of Experience or the MSC Yacht Club chosen. Welcome members are entitled to triple points only if the Voyagers Club registration date is earlier than the MSC World Cruise booking date. **Points will be exceptionally assigned at the time of booking.** For example, if you purchase the Bella Experience, you will earn 2,100 points instead of 700; if you purchase the Fantastica Experience, you will earn 3,000 points instead of 1,000; if you purchase the Aurea Experience, you will earn 4,500 points instead of 1,500.

What if my cruise does not offer the possibility of booking an Experience?

No points will be issued for cruise rates with no Experience.

I have received a free Experience upgrade; will I receive more points?

Points will be earned only for purchased Experiences. If you are offered a free Experience upgrade, you will only receive points for the Experience and cabin purchased. No additional points will be assigned in the event of free Experience upgrades.

In my country, I can't purchase Experiences (Bella, Fantastica, Aurea) or the MSC Yacht Club; does that mean I don't get points?

You are entitled to receive points according to different point ranges. In countries where Experiences do not apply, the following rules will be enforced:

CABIN TYPE	POINTS
Interior	600
Ocean View	750
Balcony	900
Suite	1200
Yacht Club	1500

Who will receive the points related to the Experience (Bella, Fantastica, Aurea) or the MSC Yacht Club purchased?

Points awarded for bookings will be applied to each member in the cabin, if there is more than one.

How do I earn Points for On board Services Pre-paid before the cruise?

MSC Voyagers Club members earn 100 points for every €150 spent before the cruise on MSC packages/services related to the cruise booked*.

*For currencies other than € euro, the currency conversion on purchase day will apply.

Will I pay in my country's currency?

Yes, points given for on board services pre-paid before the cruise are calculated by applying a currency conversion towards the on board currency.

Who will receive points for on board Services pre-paid before the cruise?

There are two types of on board services pre-paid before the cruise: per cabin and per single cabin occupant.

The points will be calculated based on the total amount spent by the member on MSC on board services pre-paid before the cruise. Expenses for on board services pre-paid before the cruise which apply to all cabin occupants (and not single occupants) will be equally distributed amongst the cabin occupants.

Example of on board services pre-paid before the cruise per cabin: the total amount of pre-paid on board services that apply to all cabin occupants before the cruise is €600. If there are four cabin occupants, the spending for the points calculation of each member will be €150, equal to 100 points. Members cannot claim points distributed to non-members occupying the same cabin for on board services pre-paid before the cruise which apply to all cabin occupants.

Points for On board Services pre-paid before the cruise **by single cabin occupants** will be assigned to individual members who pre-paid for on board services before the cruise.

Here is an example of on board services pre-paid before the cruise per single occupant: the total amount of pre-paid on board services that apply to single occupants before the cruise is €600. In order to assign the points, the total amount will be divided by 150, resulting in 400 points. The single occupant who benefits from the pre-paid on board services that apply to individuals only will receive all 400 points.

How do I earn points for On board Expenses?

MSCVoyagers Club members earn 100 points for every €/ \$150 spent on board (excluding casino expenses). At the end of the cruise, points given for onboard expenses will be applied on board only to the MSCVoyagers Club member making the final payment.

What if I pay onboard expenses by POS?

MSCVoyagers Club members who pay onboard expenses by POS will be credited points at the end of cruise.

Who will receive points for Onboard expenses?

Points given for onboard expenses will be applied only to the cruise card/Club card holder making the final payment.

For how long are points valid?

Points earned at the end of a cruise have a validity date of 36 months from the date of disembarkation. You will need to complete at least one cruise in 36 months since your last disembarkation date to extend your membership for another 36 months from your last disembarkation date.

I have already sailed with MSC Cruises before; have I lost my points?

If you are a past passenger who would like to subscribe to MSCVoyagers Club and you've cruised with us at any point after 2006, you are entitled to a fixed amount of 500 points. This applies if the last cruise disembarkation date was more than 3 months prior to subscribing to the programme. The same criteria for recovery of previous cruises apply to passengers who have previously lost MSCVoyagers Club membership (in the event of no cruises in 3 years since their last disembarkation date).

If your last cruise disembarkation date is less than 3 months ago, you will recover all the points pertaining to your most recent cruise with us.

I cruised before the new MSCVoyagers Club launched but I am subscribing just now. Can I still recover my points?

As a past passenger, you are entitled to a fixed amount of 500 points upon subscription to MSCVoyagers Club if you have travelled on at least one MSC cruise since 2006. The same criteria for recovery of previous cruises applies to passengers who have previously lost MSCVoyagers Club membership (in the event of no cruises in 3 years since their last disembarkation date).

Passengers successfully completing their subscription to MSCVoyagers Club less than 3 months after their last disembarkation date will recover all points from their most recent cruise. If the disembarkation date occurred before the MSC CLUB Programme became MSCVoyagers Club, points will be assigned according to the regulations of the original MSC CLUB on issuing points (1 point received for each night on board, 1 point for every €/ \$200 spent on board, excluding casino expenses) multiplied by 100.

Does each guest in a cabin earn points and receive Club benefits?

No, some benefits apply to members only. Others are applied to cabins so that they can be enjoyed by all cabin occupants if more than one member is present in the cabin and benefits are issued per person. Please see the benefits section on www.msccruises.fi for more information.

Do all MSC cruises count towards MSCVoyagers Club points?

Most cruises contribute towards your points balance unless otherwise specified. With promotional departures, it is important to clarify this during the booking process. It is possible that for promotional reasons, MSCVoyagers Club points might not be awarded for a particular cruise. No points will be issued for MSC Specials promotions.

Do I earn points if taking part to a charter cruise?

Yes, points will be recognised for charter cruises.

What happens if MSC cancels a cruise?

In case of a cruise cancellation by MSC please refer to the conditions stated on MSC Cruises website or MSC Cruises brochure.

If a guest is sharing a cabin with another guest on a different level of membership (e.g. a Silver and a Gold), how will benefits apply to the stateroom?

With the new MSCVoyagers Club, the discount will be the same for each tier. Other benefits may be enjoyed per cabin. Please see the benefits section on www.msccruises.fi for more information.

Will benefits change over time?

Please ensure that you regularly check the website for any changes to the programme, otherwise, great news may go unnoticed.

How will MSCVoyagers Club know my level when I sail?

Every time you book a cruise, please include your MSCVoyagers Club Card number as part of your booking to make sure that MSC can recognise you on board. The only way to be eligible for the MSCVoyagers Club benefits is to provide the MSCVoyagers Club Identification number at the time of the cruise booking.

Who should I contact on board for MSCVoyagers Club info?

Please go to the MSCVoyagers Club Infopoint or visit the Reception-GUEST SERVICE for help or support.

What are the Voyages Selections and how do I book them?

Voyages Selections are specific departures available with an additional and consequential discount (5%, 10% or 15%) that can be combined with the 5% MSCVoyagers Club booking discount. The additional discount can vary by departure date. Voyages Selections are not available for Welcome members.

Silver, Gold and Diamond members receive an additional €/ \$50 shipboard credit on top of their discount on their Voyages Selections booking. Shipboard credit is issued per

member and not per cabin. Shipboard credit is applied to the final bill at the end of the cruise. Shipboard credit does not apply to MSC Voyagers Club members under 18 years old. This awarded discount can be extended to all occupants of the cabin and cannot be combined with any other offer and promotion, with the exception of MSC Voyagers Club discount, unless otherwise specified in the details of the promotion itself. Voyages Selections are visible online in the MSC Voyagers Club section, on board and at Travel Agencies. Voyages Selections can be booked online by providing your Club Identification Number.

The possibility of booking Voyages Selections may be limited to a certain time frame. Expiry of promotions will be communicated online.

Voyages Selections terms and conditions may vary according to the market. As of May 27 2019, members who book a Voyages Selection departure will be credited **double membership points** for the type of Experience chosen. Double points are not retroactive and will be assigned at the end of the cruise.

MSC Voyagers Club points and status do not expire as long as you have at least a minimum of one cruise completed in three years.

If the last cruise disembarkation date is over 3 years ago (36 months) or no cruise has been taken in 3 years since the registration date, membership to the MSC Voyagers Club Programme expires.

For example: if the last disembarkation date is 30.01.2015 and no cruises are taken up to 30.01.2018, the membership will expire.

If membership expires, passengers must subscribe to the MSC Voyagers Club again. Subscription will be subject to the conditions stated. A new Club Identification Number, or a confirmed booking with MSC, will be assigned.

How can I keep my membership so that it doesn't expire?

All you need to do is to complete at least one cruise in 36 months. And it is even easier to cruise with the Voyages Selections for MSC Voyagers Club members! After your cruise is completed, your points expiration date will automatically be extended for an additional 36 months from the date of your most recent cruise disembarkation date.
